

SCCHA Pre-Proposal RFP Submission Conference Call

Questions and Answers - 05/16/18

- Can SCCHA please provide a Word Version of the questions included within attachments A through E?
SCCHA has responded with providing this information and it has been posted on our website under the RFP page.
- How many total unique software users will SCCHA have using the new software system?
34 +- Central Office Users and 10 +- Remote Users for a total of 44+- concurrent users on our system.
- What level of data conversion is preferred, or required, by SCCHA from the legacy software system into the new solution? (How many years of data will we be acquiring)
Ideally, SCCHA would like to convert all historical records.
- On page 10 of the RFP under Proposal Format & Cover Letter, it states that vendors should propose a Microsoft SQL or Oracle database solution. Would a different platform disqualify a vendor?
No. SCCHA will consider any compatible solution.
- Is there any possibility that SCCHA may expedite your Schedule of Activities (specifically the selection of a vendor and contract execution) given that the Visual Homes system will no longer be supported after the end of 2018?
The RFP specifies that the schedule of activities is subject to change.
